EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims in the current application is the recitation of an identification unit coupled to the module and configured to interface with the module interface unit, which is interpreted to specifically involve identifying whether a given module is operational with a given vehicle, which is not taught nor is fairly suggested in the prior art of record.

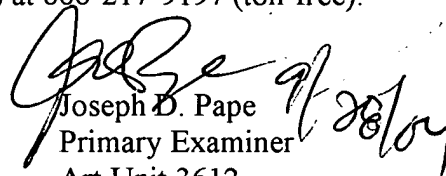

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
